# EARTH DAY in the Blackstone Valley

*Together we're making RI a clean, green & beautiful place to live. & enjoy.*

## #RIMillionPieces

One million RI residents could easily remove *one million* pieces of litter from our state during April as we celebrate Earth Day.

Get your friends, co-workers, and family members to each pick up one piece of litter, or more if you get in the groove. Then take a picture and post your photos on social media with the hashtag #RIMillionPieces.

Litter doesn't have to stay in RI. If we all just pick up one piece, RI will be one million pieces cleaner!
