

Keep Blackstone Valley Beautiful is sharing great information we learned at our **America Recycles Day event**. Even if you were unable to join us we want you to become a recycling pro.

Did you realize you can recycle paint, mattresses and old shoes? These are a few of the many items that can be kept out of the trash and recycled instead.

While these items NEVER go in the curbside blue bin, they can easily be recycled when you take advantage of these community drop off programs. *Click the links to find out information about each of programs:*
