

# CITY OF WOONSOCKET

SOLID WASTE DIVISION  
RECYCLE TODAY—\$AVE TOMORROW

## EARTH DAY 2014

We have had a long winter with many snowstorms. Many of the storms were accompanied by high winds resulting in a lot of trash being blown around from everyone's trash and recycling containers. All that trash has littered our streets, our wooded areas, our streams and our parks.

For Earth Day 2014 we are asking everyone to clean the street that they live on. Easy as that!

If the street is already clean or you would like to do more, then we ask that you pick litter in neighboring woods, streams and/or parks.

Approved clean up bags, gloves and trash pickers will be passed out upon check in. The trash pickers and gloves will be yours to keep. We ask that you continue throughout the year to help keep Woonsocket clean by using the trash pickers to collect and properly dispose of litter that you see.

Place the full approved clean up bags (only the approved clean up bags will be collected) and larger collected items along the side of the roadway in the area that you are cleaning. A City truck will come by and properly dispose of the waste.

### Be Prepared

- Wear appropriate clothing
- Apply sunscreen
- Drink plenty of water

### Check In

- Saturday April 19
- 8am—10am

-943 River St, Woonsocket Recycle Facility, located on the premises of the Woonsocket Public Services Division

*It is important to check in so that we know where you will be leaving the collected litter.*

### Clean Up

- 8:30am to 11:30am

**TIME TO  
MAKE  
WOONSOCKET  
SHINE**

We will also be hosting a FREE paper shredding event on April 19th at the Woonsocket Recycle Facility for Woonsocket residents (residential properties only).

The shredding will run for 8am—12pm (unless the trucks fill before 12pm).
